The diagram illustrates a two-lane road with two turnpikes, TWY 'A' and TWY 'B'. The road is oriented vertically, with a dashed center line and solid edge lines. On the left side, a rectangular box is connected to the road by two curved lines. On the right side, a rectangular box is connected to the road by two curved lines. The road is divided into two sections by a vertical line. The left section is labeled 'TWY "A"' and the right section is labeled 'TWY "B"'. The road is marked with dashed lines for lane boundaries and solid lines for the edges. There are several small black rectangles representing vehicles or markers on the road. The number '17' is visible on the left side of the road, and the number '35' is visible on the right side.
